False report of an armed person near New Brockton High School incites lockdowns within system

On Tuesday, Aug. 18, around 10:15 a.m., New Brockton High School was initiating a required lockdown drill.

"At the beginning of the lockdown, the New Brockton High School administration was notified by a Coffee County School Resource Officer (SRO) that there was a report of an armed male walking near the school," Coffee County Schools superintendent Kevin Killingsworth said.

"Immediately, assistance was provided from the Coffee County Sheriff's Department, New Brockton Police Department, and the Coffee County EMA."

The superintendent said once he and other district administrators arrived on scene, it was evident the law enforcement officials were

in control of the situation.

"New Brockton Elementary School and Kinston School also were immediately placed on lockdown due to the vagueness of the caller's information," Killingsworth said.

After an exhaustive search and investigation by multiple departments, Killingsworth said it was determined there was no armed suspect or danger to any campus. The Coffee County Sheriff's Department had K-9 on scene as well as a drone to assist in the search.

"I want to personally thank our SRO's, Coffee County Sheriff's Department, New Brockton Police Department, Kinston Police Department, and the Coffee County EMA for their quick response in helping keep our students and faculty safe," Killingsworth said.

COVID-19 issues arise for New Brockton High School during first week of school

As local students returned to school last week, New Brockton High School was dealt a couple of blows from the COVID-19 virus.

Students returned to school Monday, Aug. 11, and on Wednesday, Aug. 12, two students from NB High School were sent home after exhibiting COVID-19-like symptoms, according to Coffee County Schools superintendent Kevin Killingsworth. He followed up saying 30 additional students, though non-symptomatic, were also sent home per the Alabama Department of Public Health (ADPH) guidelines for students exposed to a possible COVID-19 case.

"The Coffee County School System has a response plan that has been implemented for this school year," Killingsworth said. "The school system will continue to take appropriate actions within that plan, will continue to monitor the situation, and continue to remain in contact with state and local public health agencies."

The superintendent said he appreciates the patience and understanding shown by the students and parents as well as the school administration and staff as these possible health issues are dealt with accordingly.

Another blow to the New Brockton Gamecock family came Friday, Aug. 14, when Superintendent Killingsworth released a statement indicating the Coffee County School System had been notified that a student [that had not been on campus at NBHS for multiple days] had tested positive for COVID-19. He said upon receiving that information, the school system contacted ADPH.

"Under the guidance and public health directives of the Alabama Department of Public Health, all students on the football team at New Brockton High School have

been ordered to quarantine based upon potential exposure to the student that tested positive for COVID-19," Killingsworth said. "The Coffee County School System is not aware of any additional students that have tested positive for COVID-19."

On Monday, Aug. 17, a post on the New Brockton High School Facebook page had this update regarding students - *Thank you to our parents who have been so understanding and patiently waited with their children at home. Because parents diligently worked with their physicians to get their children cleared, we are proud to say that we are returning 25 healthy Gamecocks to campus tomorrow!*

NOTICE:

Elba football fans planning to attend the Friday, Aug. 28, away game in Opp need to purchase tickets ahead of time in order to be admitted into the game!

Elba Superintendent Chris Moseley said Opp will provide tickets to Elba High School, and those tickets will be sold at the school Monday, Aug. 24, through noon Thursday, Aug. 27th. Tickets will be \$7 each.

No tickets will be sold at the gate prior to the game next Friday night in Opp. Therefore, only those who purchase tickets at Elba High School next week will be allowed to enter the gates at Channel-Lee Stadium in Opp. Moseley said this is a measure Opp has implemented to try and reduce COVID-19 exposure by not having ticket sales at the gates this football season.

This group of Elba Volunteer Firefighters participated in the first water-related rescue mission for Airboat 1, the new boat recently added to the department's fleet of emergency vehicles. The fire department, utilizing Airboat 1, rescued to stranded kayakers off the Pea River last Saturday night. The firefighters pictured include: (front row), Triston Tindell, Fire Chief Drew Parker, Matt Jacobs, George Homyak, Brad Sullivan, Johnny Manning, and Josh Mack; (back row) Caleb Walden and Dennis Manning - boat captain for the mission.

Elba FD new airboat successful in first river rescue call

The Elba Volunteer Fire Department recently introduced its new airboat to be utilized in water rescues, especially on the Pea River, to the community; and last Saturday night, Aug. 15, the airboat proved successful in helping firefighters with its first river rescue.

Elba Fire Chief Drew Parker said his department was dispatched at approximately 8:14 p.m. last Saturday night in reference to two kayakers stranded on the Pea River. The initial 911 call was received by the Elba Police dispatch center at 8:10 p.m.

Shortly after establishing a command for this rescue, Chief Parker said dispatchers and firefighters were able to estimate an approximate location of the kayakers, and the Elba FD's Airboat 1 was launched in an effort to locate these stranded persons.

The kayakers were located by the crew on Airboat 1 at 8:47 p.m., and the individuals were safely rescued and returned to their vehicle.

"On Saturday night, firefighters were able to record the very first water related rescue mission while utilizing the new airboat that was placed in service a few weeks ago," said Chief Parker. "Airboat 1 performed flawlessly during this mission arriving on scene only minutes after initial launch. A very special thank you once again is extended to the Elba City Council and Coffee County Commission in the assistance of helping our department acquire this resource."

Parker further thanked the Elba 911 Communications Dispatchers and Elba Police for additional assistance for the rescue mission.

Elba City Schools superintendent says start of school going well

by Linda Hodge, Editor

With a full week of school, Elba City Schools superintendent Chris Moseley said Monday morning, Aug. 17, that he could not have asked for a better week, honestly, for the system's first week with students on campus for the 2020-2021 school year.

"We're checking temps on buses and at school like we said we would. I am a parent too that drops his children off and am seeing this firsthand, and we are doing what we said we would do with it working well so far," Moseley said. "With all the guidelines and restrictions in place, we expected the car line to move slowly the first few days at the elementary school, but they seem to be in a rhythm already."

As of Monday this week, the superintendent said 70 percent of Elba's students are on campus daily for their instructional needs while 30 percent are using the virtual method this first nine weeks.

He said parents have helped too with the early morning arrivals to school with more driving their children to school and dropping them off. He said that has allowed for more spreading apart in the buses each morning, which has really helped.

"We did add aides to the buses, which are current employees receiving a stipend, to help with checking temperatures on the bus," Moseley said. "Obviously, we can't leave a student at home alone if he/she rides the bus, so, any that shows a temperature upon check entering the bus is isolated from the others for the ride."

The temperature is checked again upon arrival at school, and if needed, that student goes to the nurse for further evaluation."

However, Moseley said he did not know of anyone as of Monday that had shown a fever upon entering the bus.

"Most of our issues at this time with COVID-19 symptoms or cases all happened prior to returning to school," the superintendent said.

He said prior to students returning, he said 10 students had to be given a return date to school from the school nurse based on their proper quarantine time due to either being exposed or testing positive. Nine of the 10 were exposed and one

was a positive case, Moseley said.

As of Monday morning, he said all had returned to school based on their return date.

Since school started last week, Moseley said six students had been sent home [two of those being siblings of another student with illness symptoms]. He said due to parents taking those showing symptoms of illness to school all six of those students had been called back to school after a doctor approved them with another diagnosis other than COVID-19.

Moseley did say there were four students within the system that had been sent home and given a return date in which the

school had not heard anything back as to whether or not the parent took the student to see a doctor. For these cases, he said that student would work from home until his/her return date and then return to school, if symptom free at that time.

Moseley said the same scenario applies for teachers as well.

"We did have four employees prior to the return of students that had to go home," Moseley said. "One of those employees received a positive test while the others were only 'exposed' matters."

Moseley said those employees were all given a return date, and as of Monday, only three of those remained at home still.

Following the return of students to school, Moseley said a teacher that had been exposed was sent home along with a couple of students from that class.

"No matter how well we do to social distance and take precautions, these things are just going to happen from time to time," Moseley said. "Overall, I think we are doing a really good job of keeping our teacher and students social distanced to try and keep as many teachers and students here at all times."

The super said he and his administration team are constantly preaching to the teachers to maintain that 6-ft. He said that way if something does happen the idea is to keep the number that need to go home as low as possible.

"A second employee was notified over the weekend of having a positive COVID

Elba Quarterback Club to host Friday lunch meetings this season for members

The Elba Tiger Quarterback Club has been revived for this football season, and memberships are being accepted now!

Each gameday Friday this season, members will be able to attend a lunch meeting at the Elba Country Club where the itinerary will include a guest speaker followed by Elba Football Coach Marc Sieving sharing highlights of the previous week's game as well as previews of the upcoming game that night. Players of the week also will be in attendance each week.

The Elba Country Club's full lunch menu will be available for orders beginning at 11:30 a.m. each Friday, with the program concluding at 12:30 p.m.

Membership to the Elba Quarterback Club provides admission to the weekly Friday meetings along with Elba QB decals, listing in the membership roster in the football program, and exclusive locker room chatter. All proceeds from membership dues are used to enhance the Elba Tiger football program, to include: weight room improvements, "Home of the Elba Tigers" stadium sign, film tower for the practice field, and much more.

The first Elba Quarterback Club meeting will be this Friday, Aug. 21, at 11:30 a.m. at the Elba Country Club. There will be an opportunity to pay membership dues at the door on Friday, so make plans now to attend and help support the Tigers!

Individual membership dues are \$25 and Family Memberships are \$50.

Spectator Guidelines for Attending Athletic Events at Elba High School:

- Spectators may not congregate within 6 feet of a person from another household.
- Spectators may not make physical contact with one another (high-fives, handshakes, etc.).
- Spectators must wear a face covering when within 6 feet of a person from another household. This applies to any person who has entered the second grade or above.
- There will be no crossover allowed from home stands to visitor stands.
- Children must be monitored at all times during these times and should remain with members of their own household.
- Students attending games without adults are expected to follow all the same guidelines. Other than visiting the concession stands or restrooms there should not be as much movement in the stadium/gym as usual.
- At no time before during or after the game will any spectators be allowed to enter the field of play

If these guidelines cannot be followed by our spectators, it is very likely that some will be asked to leave games as well as we will have to limit capacity for the games. Please come and support our athletes so that we do not have to resort to other measures to continue to play.

Ma-Chis Lower Creek Indian Tribe of Alabama now accepting applications for assistance through annual Low-Income Energy Assistance (LIEAP) grant award

The grant, which is for the fiscal year 2020, allows for financial assistance for tribal members to cover the cost associated with cooling, home weatherization, and crisis instances such as those with documented medical conditions, experiencing a sudden job loss or other benefits and income, heating equipment malfunction, domestic violence and those with shut off notices. Tribal citizens must live in Coffee, Crenshaw,

Covington, Dale, Geneva, Houston, Henry, Pike, Bullock, and Montgomery counties. The grant covers applicable charges from June 1, 2020, through September 30, 2020. Applicants are required to meet the following income guidelines based on family size:

Household size	Income limit
1	\$19,140
2	\$25,860
3	\$32,580
4	\$39,300
5	\$46,020
6	\$52,740
7	\$59,460
8	\$66,180

Additionally, applicants must not have received any other energy assistance program funding, and the Tribe does consider households categorically eligible if one household member receives one or more of TANF, SSI, SNAP, or Means-tested Veterans Programs.

To apply, tribal members must provide the following:

- Valid ID such as a driver's licenses, state ID, tribal ID, and tribal enrollment verification;
- Social Security cards for all members of the household;
- Income verification for all household members; and,
- a current utility bill (electric, natural gas or propane).

Payments are made directly to the energy supplier. To receive an application, email machis@centurytel.net or call 334-897-3207. Deadline for applications is August 30, 2020.

Good Relief in Expressing Feelings

Too often, we think of grief as a negative thing. It's more accurate to say grief is a necessary and healthy way to process negative feelings. While it is uncomfortable to experience grief, it is a positive thing because it starts you on the road to healing.

When you lose a loved one, it can have a disruptive impact on your emotional and mental health, leaving you feeling unmoored. Keeping those negative feelings bottled up will only make the problem worse. The grieving process is how that negativity can be properly channeled, articulated, and dealt with - paving the way for healing.

For this reason, the worst thing you can do during the grieving process is to try to stifle your emotions or bottle your feelings. Attempting to "keep it to yourself" means those negative feelings churn and rage inside you, which can have a corrosive impact on your well-being.

It's okay if there are days or even seasons when you don't want to talk about the way you're feeling - but ultimately, grief is something that needs to be processed out loud, whether that means talking with a close friend, a therapist, or the members of a grief support group.

Additionally, remember grief can have different stages - and all of these stages can be good in their own way. Depression, denial, and anger can all be part of the grief journey. None of these emotions are particularly fun, but they can be helpful. Each one represents your mind trying to work out the sensation of loss.

Grieving is always tough, but it can also be productive - ultimately moving you into a healthier headspace. As you go through the good but hard process of grieving, remember to show yourself some patience and some grace.

BRAINSTORMS

With Ferrin Cox

"Don't judge each day by the harvest you reap but by the seeds that you plant." — Robert Louis Stevenson

Most consumers are glaringly aware of price jumps during the ongoing pandemic. It has hit the food market hard. Vegetables, meat products, eggs, etc., have all ballooned in price. Well, apparently it is the same all across the spectrum. Homebuilders are moaning about the continuous jumps in lumber prices. One was recently quoted as saying he has had an 80% jump in lumber prices since March. Then they get their breath and note toilets, tubs, showers, sinks, all are showing prices climbing. Some of these price jumps will stay with us forever, but we are confident that if this COVID 19 is ever brought under control, production costs will settle back to a more normal number and buyers will be grateful to find prices that are "only" up a few dollars.

Remember that tonight (Thursday) is the Elba Mayoral Forum. The start time is 7:00 p.m., on the square. The goal is to keep the entire event down to about 45 minutes. The three candidates, Chelsea Cooper, Tim Johnson and Tom Maddox will each be answering a series of selected questions. You will hear the questions at the same time the candidates first hear them. They will be given a set amount of time on each question and each will answer the same question(s) in rotating order. You can read their ads in recent editions of The Elba Clipper and each has been active on Facebook and knocking on the door of Elba residents. This forum is an added effort to fully inform the electorate. Come out and support this cherished American tradition of peacefully vying for the votes and support of the governed. A speaker system will be in use therefore everyone can practice Social Distancing and still safely participate in the event. We will gather as friends and all remain friends when we go home.

Our subscriber that several weeks ago asked about a discount for NOT reading Brainstorms did the unthinkable after our response. He conceded the debate! Folks he must be getting very, very old because in all our years of kidding each other, he has never, ever conceded. He always had a fitting retort for anything we might say. It is kinda sad to think he must be aging, because we are several years ahead of him in that department and don't like the idea that each of us has less tendency to do something we once really enjoyed doing to each other. But neither of us is dead yet so stay tuned!!

The issue (or idea) of the federal withholding tax temporary relief continues to create unanswered questions. Can employers and/or employees opt out of the program? What happens (who pays the "loan") when an employee leaves a job? Does the employer pay or does the debt follow the worker to his/her next job – if any? Is it paid back lump sum or additional deductions from pay checks? Will this cause bigger problems for the Social Security program – immediately and/or to future generations? Solve those issues and we will give you another list of problems that individuals, businesses and governments have discovered about this "windfall" program.

Work is continuing on the four-lane work on U.S. 84. To say it is still moving slowly would be an understatement, but it is moving forward. Motorists can now drive 65 miles per hour (legally) from Elba to Enterprise. Cross country drivers or course face the nightmare of getting around Elba on the bypass, but it is probably better than it was a year ago.

Be Safe, Wear – Your Mask, Wash Your Hands (again and again), then practice your Social Distancing.

USDA accepting applications to help cover costs for organic certification

USDA's Farm Service Agency (FSA) has announced that organic producers and handlers can apply for federal funds to assist with the cost of receiving and maintaining organic certification through the Organic Certification Cost Share Program (OCCSP). Applications for eligible certification expenses paid between Oct. 1, 2019, and Sept. 30, 2020, are due Oct. 31, 2020.

"For producers producing

food with organic certification, this program helps cover a portion of those certification costs," FSA Administrator Richard Fordyce said. "Contact your local FSA county office to learn more about this program and other valuable USDA resources, like farm loans and conservation assistance, that can help you succeed."

OCCSP provides cost-share assistance to producers and handlers of agricultural products for the

costs of obtaining or maintaining organic certification under the USDA's National Organic Program. Eligible producers include any certified producers or handlers who have paid organic certification fees to a USDA-accredited certifying agent. Eligible expenses for cost-share reimbursement include application fees, inspection costs, fees related to equivalency agreement and arrangement requirements, travel expenses for inspectors, user fees, sales assessments and postage.

Changes in Reimbursement

Due to expected participation levels and the limited funds available, FSA revised the reimbursement amount available through fiscal year 2023. Certified producers and handlers are now eligible to receive reimbursement for up to 50 percent of the certified organic operation's eligible expenses, up to a maximum of \$500 per scope.

This change will allow a larger number of certified organic operations to receive assistance. If Congress authorizes additional funding, FSA may provide additional assistance to certified operations that have applied for OCCSP.

To learn more about organic certification cost share, please visit the OCCSP webpage, view the notice of funds availability on the Federal Register, or contact the FSA county office at your local USDA Service Center. All USDA Service Centers are open for business, including some that are open to visitors to conduct business in person by appointment only. All Service Center vis-

itors wishing to conduct business with FSA, Natural Resources Conservation Service or any other Service Center agency should call ahead and schedule an appointment. Service Centers that are open for appointments will pre-screen visitors based on health concerns or recent travel, and visitors must adhere to social distancing guidelines. Visitors may also be required to wear a face covering during their appointment.

To learn more about USDA support for organic agriculture, visit usda.gov/organic.

Elba Church of God of Prophecy welcomes new pastor to community

On Dec. 31, 2019, the Church of God of Prophecy, located at 647 N. Claxton Avenue, Elba, lost its beloved Avena Depree Lewis, but the church members want to carry on her work and wishes.

The church now welcomes new pastor, Tony Combest, from Goodwater, Ala.

Sunday School is held

Elba Football Coach Marc Sieving and his Junior and Senior football players are shown standing on the field at the old Foggy Bottom Stadium [Miller Memorial Stadium] last Saturday, Aug. 15, at spending the morning picking up trash around downtown Elba. Coach Sieving said he was so proud of these players for giving back to the town that gives so much to them! The young men walked around the downtown Elba area picking up all sorts of trash last Saturday morning in service to their community to help it continue to look great! Coach Sieving and the players all said they hope everyone comes out to support them tomorrow night [Friday, Aug. 21] when the Tigers open the 2020 football season hosting the Daleville Warhawks. Those planning to attend the football games at Elba's Tiger Stadium [located on the campus of Elba City Schools] must wear a facial covering to enter the stadium. Also, all in attendance are asked to social distance as much as possible during the event.

Annual Scarecrows in the Park cancelled this year in Opp, Ala. due to COVID-19

Lake Frank Jackson Trail Masters president Charles Willis last week announced the cancellation of Scarecrows in the Park in Opp, Ala.

"Based on the guidelines and restrictions that have been released, we feel it is best to cancel this year's event," Willis said.

Scarecrows in the Park is a long-standing tradition for the Trail Masters. Opp City Schools as well as other schools and organizations contribute to the thousands

that visit Lake Frank Jackson each Fall.

Willis said the inability to utilize golf carts as well as the limitations on school and nursing home groups visiting were major factors in the decision.

"Having the event would create a tremendous liability for the Trail Masters," Willis said. "While we had several willing volunteers, it was not sufficient for our needs."

The Trail Masters have suspended meetings during the COVID-19 pandemic but are planning a meeting in the next few months. Willis said the group will meet to discuss the coming year. Masks and social distancing will be required. No food will be served. For more information on Lake Frank Jackson Trail Masters, visit the group's Facebook page.

** The Sound of Music

On my way to work one morning, I flipped on a popular music station. The upbeat music made the hour-long drive pass by effortlessly. Throughout the day, I found myself singing those same songs. This particular morning, I heard one of my favorite songs. Turning it up, the song's meaning suddenly became quite apparent. I cringed; I had sung that song a hundred times but had never considered its vulgar message. The lyrics had been there all along, but somehow, I was hearing them for the first time. I quickly shut the radio off. We are told to make every effort to supplement our

faith with virtue. I needed to surround myself with things that would help me look upward, toward God, not keep me focused on worldly desires. While the Spirit guides that change, we must nurture it with godly, virtuous things. What tune are you singing all day long? -- P.L.M.

Coffee County Schools asks for assistance in identifying all persons with disabilities

The Coffee County School System is in the process of identifying all persons with disabilities, ages 3-21 years, who are not enrolled in an educational setting, and all 0-3 year old children with disabilities.

Parents of a child with disabilities, or those who know of someone who is disabled, are asked to contact the principal of the local school or the special education coordinator's office at the Coffee County Board of Education at 334-897-5016.

It is important that all persons with disabilities be

identified so appropriate services can be provided.

Contacts for the Coffee County School System include:

Tami Crosby, Special Services Coordinator, 334-897-5016

Kelly Cobb, Federal Programs Coordinator, 334-897-5016

Danny Branch, Principal, Kinston School, 334-565-3016

From my perspective...

This week Tim and I will have been married 35 years. We were Elba High School sweethearts. So, I can tell you who Tim Johnson is and why you should elect him the next Mayor of Elba.

Tim has always known that his passion was that of community service. Serving others and this community has been at the forefront of who he is.

First and foremost, he is a successful businessperson. He knows and understands that you must have a sound plan of action to move the City of Elba forward. Tim brings with him a vision of progress and he understands the nuts and bolts of the interworking's of a City government. He has what it will take to make great things happen for Elba.

Very few know of his generosity. Very few know of the donations he has made and the time he has spent helping make sure others have the essentials needed for quality of life. Tim continues to help those in need wherever he can.

He is a volunteer. Tim has always given of his time, knowledge, and resources to help in our community. He has volunteered on various committees and boards through the years and is a proven civic leader. Through his community involvement, Tim has seen the concerns and needs of Elba.

Tim's public service is grounded in his faith and love for Elba and his desire to make a positive difference in this community through true public service.

I am confident that Elba will greatly benefit from his leadership and experience as we move forward to meet the next challenges that face us. His goal is for all the citizens to enjoy the wonderful community that Elba is and can continue to be.

I encourage you to vote for my husband, Tim Johnson, for Mayor of Elba.

He Can Do This!!

MORTGAGE FORECLOSURE SALE

Default having been made in the payment of the indebtedness secured by that certain mortgage executed by Stephen C. Garcia, a married man and Susan M. Garcia, a non-borrowing spouse, to All In Credit Union formerly known as Army Aviation Center Federal Credit Union on July 3, 2014, said mortgage being recorded in the Office of the Judge of Probate of Coffee Enterprise County, Alabama, at OFFREC Book 677 PAGE 303, the undersigned All In Credit Union formerly known as Army Aviation Center Federal Credit Union, as mortgagee (or transferee), under and by virtue of the power of sale contained in said mortgage, will sell at public outcry to the highest bidder for cash, at the entrance of the Courthouse of Coffee County, at Enterprise, Alabama, on September 15, 2020, between the legal hours of sale, the following described real estate situated in Coffee County, Alabama, to wit:

A lot or parcel of land in Coffee County, Alabama, and being more particularly described as follows: Beginning at a point on the west side of County Road 541, 80 feet West of the Southeast corner of the NE ¼ of the SE ¼ of Section 12, Township 4 North, Range 21 East, and thence running South 87 degrees 53' West along the south line of said forty, 289.96 feet; thence running North 2 degrees 24' West, 608.12 feet to the South side of Benina Drive a/k/a County Road 541; thence running N 86 degrees 19' East along

the South side of said Benina Drive a/k/a County Road 541, 290.02 feet to the inside curve in said Benina Drive a/k/a County Road 541; thence running S2 degrees 24' East along the West side of County Road 541, 616.22 feet to the point of beginning. Said lot being in the NE ¼ of the SE ¼ of Section 12, Township 4 North, Range 21 East, Coffee County, Alabama. Also: a lot or parcel of land in Coffee County, Alabama and being more particularly described as follows: beginning at the Southeast corner of Lot 32 of Benina Estates, a plat thereof being recorded in the office of the Probate Judge of Coffee County, in Plat Book 2, Page 77; thence 200 feet in a southerly direction along the West side of County Road 541; thence South 87 deg. 53' West, 300 feet, thence North in a line parallel to the County Road 541, 200 feet to the South boundary of Benina Estates; thence N 87 deg. 53' East along the South boundary of Benina Estates 300 feet to the point of beginning; said land being in the SE ¼ of the SE ¼ of Section 12, Township 4 North, Range 21 East. Subject property includes all of Lot 32, Benina Estates Subdivision, recorded in Plat Book 2, Page 77. Situated in Coffee County, Alabama, Enterprise Division

Subject to all zoning, easements, restrictions, restrictive covenants and reservations appearing of record. Said sale will also be made subject to any Federal Tax Liens, Ad Valorem Real Estate Taxes and/or Special Assessments of any nature, if any, which might adversely affect the title to

the property. The property is being sold "as is, where is". Said property is sold without warranty or recourse, expressed or implied as to title, use, enjoyment or condition. The mortgagee or transferee reserves the right to bid for and purchase the real estate and credit its purchase price against the expenses of sale and the indebtedness secured by the real estate. All bidders will be required to execute a bidding agreement prior to sale. Copies of the bidding agreement may be obtained prior to the sale. The successful bidder will be required to pay the bid amount at the time of sale in cash or certified funds. Alabama law gives some persons who have an interest in property the right to redeem the property under certain circumstances. Programs may also exist that help persons avoid or delay the foreclosure process. An attorney should be consulted to help you understand these rights and programs as a part of the foreclosure process. This sale is made for the purpose of paying the indebtedness secured by said mortgage, as well as the attorney's fees and expenses of foreclosure. This sale is subject to cancellation or postponement.

By Ricky Mularz, Sports Editor

Our grandson Lawson has one week of school under his belt and so far so good for my little man as he likes his teacher and even admitted that the food in the lunchroom wasn't too bad. He's got a long way to go, but at least he is off to a good start.

For what it is worth....

*** *The Elba Tigers are scheduled to kick off* the football season tomorrow night (Friday) and after talking with Coach Sieving I am just as anxious to get the season started as are the players and coaches. The players have been working hard ever since they got the okay to get back to work and are more than ready to take the field and play a game. I know there won't be as many fans in the stands as in years past due to fears of the virus, but I look for a large crowd at the game and for the atmosphere to be just as good as ever. I urge all Elba Tiger fans to come to the game, spread out and cheer for the Tigers as they write the next chapter in the rich history of Elba Tiger football.

*** *Every coach I talk with tells me* they are taking football one day at a time, and those words came home to roost last week for the folks over at New Brockton when the entire team was ordered into two weeks quarantine and the Gamecocks opening two games were cancelled. Some new regulations from the state health officials really tightened up what needed to be done as far as students are concerned, and even though most, if not all, of the players will never catch the virus, school officials had no choice but to follow state regulations. I know all health officials want to keep everyone safe and restrict the spread of the virus, but if we are going to survive we have to learn how to live with the virus and keep going.

*** *Liberty Media, the owners of the Atlanta Braves*, released its quarterly financial statement last week and revealed the Braves revenue had plunged 95 percent in the three-month span from April to June, falling from \$208 million over the same time period last year to only \$11 million this season. The team posted an operating loss of \$26 million during the most recent quarter, a far cry from a year ago when the team's quarterly statement reported a profit of \$62 million. The Braves made a number of payroll cuts in key places and saw their player payroll fall from \$150 to \$55 million, but it still wasn't enough as the late start and absence of fans took their toll. The fact there were no games from April through June resulted in the loss of 41 home games, and when added to the lack of ticket sales, concessions and parking, the bottom line almost bottomed out. Another huge loss was the 'Battery Atlanta,' a multi-use development complex located near the Braves home field, that reported a revenue dip of 97 percent with its income dropping from \$198 million to only \$5 million. As of June 30, the Braves carried a debt of \$718 million and obviously were making weekly calls to its bankers. I guess this season the team's record really doesn't mean that much.

*** *Ye Ole Polish Prognosticator* dropped by over the weekend and stated while it is always hard to pick games early in the season, this season would be even harder than before since teams don't really know just who will be at practice on any given day, and a team's schedule can change at the drop of a hat. The local guesspert did declare he will be back for another season and will pick games as long as games are being played. Here goes week #1....

ELBA VS. DALEVILLE

The Tigers are back up in the 2A ranks after a couple of years and are determined to regain their place atop the classification. The season opener against the 3A Warhawks from over near the Rucker gate will be anything but easy. However, look for that old black and gold pride to resurface on the turf at Mack Wood Field and lead the Tigers to win #1.

The bulldogs from down near the county line have grown up during the long off-season and are chomping at the bits to get back on the field and play chase with a bunch of big city boys from over in the Circle City. The 'daws were handpicked to be an easy win for the 3A Raiders, but win or lose something tells me nothing will be easy.

Elba Tigers host Daleville in season opener

The Elba Tigers will kick off the 2020 high school football season on Friday night, Aug. 21, at Tiger Stadium when they host the Daleville Warhawks, and while both teams may be a little behind in preparation due to the lack of spring training, there is no doubt the players are ready to take the field for another season.

"We are all excited and ready to play," said Elba Tiger head coach Marc Sieving. "The players have all been working hard in the weight room and on the field and it is time to play. We need to play for the players, the fans and especially the seniors. This is the culmination of their high school careers and that means a lot to a lot of people."

"We don't really know all that much about Daleville," admitted Sieving, "but early in the season the biggest concern is about our team and making sure we are prepared to play. We have watched the film from last season, and in checking the roster, found out that Daleville has a lot of very good players back this season. We know they will come here determined to win, and expect them to be physical and well coached. We expect a four quarter battle against a solid 3A opponent and know we will have to play our best in all phases of the game to come out on top."

Daleville, under the guidance of second-year head coach Desmond Lett, posted a 7-4 record last season, with one of the wins being a wild 38-28 season opening win over Elba. The 3A Warhawks lost state all-time rushing leader Jalen White to graduation, but the cupboard us far from bare and next up in the backfield will be (5-6, 160) senior, speedster Sincere McKenzie. Called a "scat back" by

Coach Lett, the speedy back will have to carry the load offensively this season until freshman quarterback Omarion Pinkney can gain confidence at the varsity level.

The Warhawks return five starters on both sides of the ball, with the five coming back on offense being the same five returning on defense, led by linemen Myles Parrish and Jeremiah Moore, wide receiver Jordan McDonald and running back Cedreon Wiley.

"For us to be successful Friday night we will have to play our best for all four quarters," said Sieving. "On offense we will have to be able to run the football and not make mistakes such as penalties and turning the ball over. Our goal is to move the chains and put points on the scoreboard when we get the chance. The line will obviously be a key for the running game to be successful, and that means our younger players will have to step up and compete. We can, and will, get in the spread when needed, but we have to be able to run the ball to be successful on offense."

"Over on defense we must stop the run first and

control the line of scrimmage," added Sieving. "We will have to be physical up front, get off the blocks and tackle well all across the field. In the first game you have to be ready for anything that can happen, and we feel we should be able to make adjustments as needed. Our kicking game must be effective, because special teams are a huge part of the game. We will need to cover kicks and make tackles when we are doing the kicking, and when we receive the ball we need to field the ball, make our blocks and head upfield."

"Everyone knows football is very important to everyone in Elba and that is one of the reasons I wanted the job," added Sieving. "We have all been working hard to put the best possible team on the field that the people of Elba can be proud of. Mistakes will always happen, especially in the early season, but we are going to continue to work hard every day to improve and promise we will play hard and play to win."

"Fans will notice some changes due to health concerns," stated Coach Sieving, "and while some changes will be more noticeable than others, they

will occur. Only one captain from each team will be allowed at the coin toss, the sideline boxes have been extended to help everyone maintain proper distancing, coaches and players on the sidelines will wear masks, time outs and the halftime break will be extended, and we will do whatever else we have to do to play the game."

"Ready or not it is time to play," declared Sieving, "and we are all excited and hope our fans are excited and will come out Friday night to support these deserving young men."

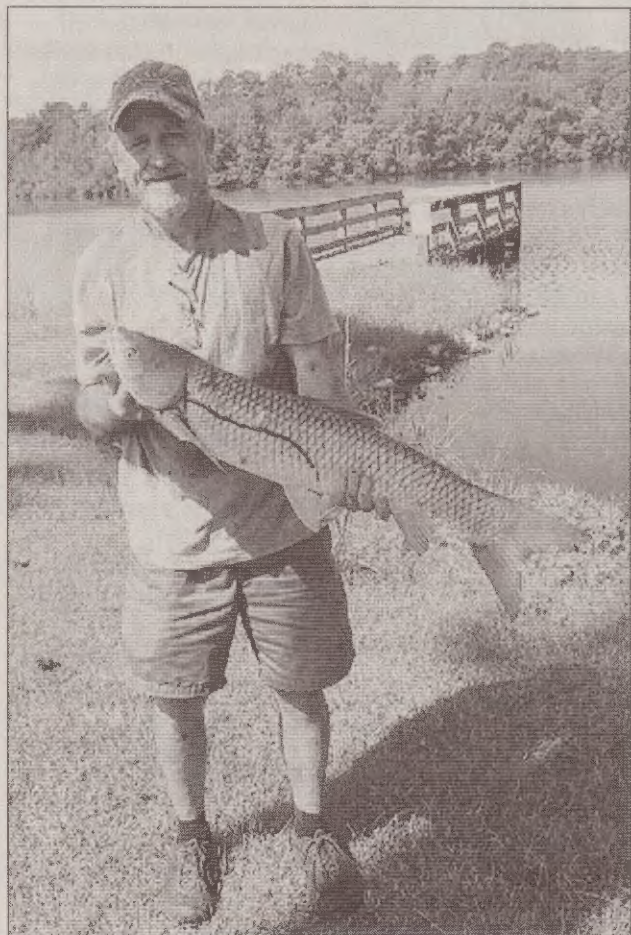

Kickoff Friday night is set for 7:00 PM.

*** *Special Notices for Friday's game: Fans attending the Elba vs. Daleville football game Friday night will be required to wear a facial covering to enter the gates. Those not wearing the proper facial covering could be denied entrance into the stadium.*

Also children are asked to sit with their family for the game.

No fans will be allowed on the field before, during or after the game.

Everyone is asked to follow all social distance recommendations in place for Friday's game.

Kinston Bulldog head football coach Rudy Free works with his linemen during a recent practice. The Bulldog line is expected to be the strength of the team this season. Kinston opens its season Friday night at Houston Academy.

Kinston Bulldogs kick off season Friday night in Dothan against 3A Houston Academy Raiders

The Kinston Bulldogs will open the 2020 high school football season Friday night in Dothan when they tangle with the 3A Houston Academy Raiders.

The Bulldogs boast a roster filled with nine seniors and eight juniors, including seven starters back on both offense and defense. On offense, the Bulldogs like to travel on ground, and led by four returning starters on the offensive line and running back Addison Hudson, who rushed for over 1,250 yards last season, they expect to be able to put points on the scoreboard.

Kinston lost three games last season after holding four quarters leads, and will be looking to finish in close games as the Bulldogs look for a path back to the 1A playoffs.

The Bulldogs worked on special teams Thursday, Aug. 13, including the punt game. Senior Ayden Wallace (#3) is shown punting above during practice.

Houston Academy struggled last season to one of its worst seasons in years, but with 10 seniors and 13 juniors on this year's roster, the Raiders are looking to make vast improvements and a return to the postseason.

Youth football in urgent need of players

While everyone has read about the problems faced by football teams from the high school ranks all the way to the pros, many have forgotten that the youth football leagues across the state are also struggling to find enough youngsters to field teams.

The youth teams in Elba compete in a league comprised of Elba, Zion Chapel, Skipperville, Goshen, Opp, New Brockton, Ariton and Daleville, with teams classified by three age groups (8 and Under, 10 and Under, 12 and Under). It has been reported that Daleville, New Brockton, Ariton and Opp all have enough players to field teams in all three age groups, while the other four communities have yet to register enough players to fill their teams.

"The lack of a baseball season and the obvious fears caused by Covid 19 have taken a toll on many small athletic programs," stated Elba Recreation director Greg Hanchey, "and we in Elba are definitely in that group. We have already extended the deadline to register, and with the help of other league officials moved the start of the season back to Sept. 26 to give everyone

a chance to join. Now that school has started we have made another push to sign up more children, and have also met with our coaches and told them they will have to recruit players and have the players already signed up help and recruit their

friends. We still have hopes to field a team in all three age groups, but time is running out."

The deadline to register a child for football is Sept. 1, and for more information contact the Elba Recreation office at 897-6833.

Coffee County lake announces extended hours

The Coffee County Lake announces extended hours on weekends for all area fishermen.

The lake will be open until 10 PM on Friday and Saturday nights, with the Bait Shop to close at 6:00. Anyone fishing after six o'clock must purchase a daily permit before the Bait Shop closes.

The bait Shop has live bait, concessions and tackle for all your needs.

**Online registration for youth dove hunts now open for state hunters ages 15 and under**

The Alabama Department of Conservation and Natural Resources' (ADCNR) Division of Wildlife and Freshwater Fisheries (WFF) provides several youth dove hunt opportunities throughout the state each fall. A simple hunting setup combined with a fun, family-friendly atmosphere makes WFF's youth dove hunts an ideal way to introduce young people to the outdoors.

Registration for this year's hunts opened at 8 a.m. on August 10, 2020. Although the hunts are free, online registration is required. Locations and hunting slots will be filled on a first come, first served basis. For most of the state, the hunts begin on September 5. For more information including a complete hunt schedule, visit www.outdooralabama.com/youth-hunting/youth-dove-hunts.

www.outdooralabama.com/youth-hunting/youth-dove-hunts.

"The pandemic has shown us that access to outdoor recreation is more important than ever," said Chris Blankenship, ADCNR Commissioner. "We are happy to be able to provide that access this fall through a variety of hunting opportunities across the state including our Youth Dove Hunts."

To participate in the hunts, youth hunters must be age 15 or younger and accompanied by an adult at least 21 years old (or a parent) who has a valid state hunting license, a Harvest Information Program (HIP) validation and a Conservation ID number.

Alabama's youth dove hunt events are held in open fields and staffed by WFF personnel, which encourages a safe, secure environ-

THE ISSUES...

ECONOMIC DEVELOPMENT: Chelsea is committed to recruiting new small business and industry to Elba while also supporting the growth and development of the businesses that have made the commitment to stay in Elba. We want our children to have the opportunity to stay in Elba and thrive in their careers.

CRIME & HOMELESSNESS: You should feel safe in your home. Elba needs strong leadership to encourage Police to investigate crimes, secure warrants, and arrest criminals. Elba needs a proactive approach in tackling the issues of drug abuse and homelessness, which are far too widespread in a town of 4,000 citizens.

HOUSING AND RECREATION: Chelsea believes that, in order to recruit new businesses and industry, you must have a town in which people want to live. Elba has an abundance of natural resources for outdoor enthusiasts, as well as family friendly parks, and an active recreation department. Chelsea also believes that new housing development is critical to attracting the young families that Elba is consistently losing to neighboring towns.

SCHOOLS: As graduates of Elba High School with children coming up in the Elba City School system, Chelsea and Gavin are committed advocates for excellence in our city schools.

INFRASTRUCTURE: Chelsea believes that our citizens deserve well-maintained streets and that the City of Elba should prioritize repairs and paving based on severity of the problem, not what street it's on.

Elba High Football players and coaches assist with
Elba Rec's football camp held earlier this week.....

The Elba Recreation Department held a free football camp 3-nights earlier this week, and a highlight for all involved was having the Elba High School varsity football players and coaches come out and assist.

The football camp was for any youngster ages 7 - 12, and a good turnout was enjoyed. The Elba Recreation Department has extended the deadline to sign up to play youth football until Sept. 1st this year. The youth football season begins in late September.

Call the Elba Recreation Department at 897-6833 for more information or to sign a child up for football or cheer.

test," Moseley said. "Upon arriving to school this morning, our staff went to work on that and unfortunately four students were sent home because they may have been exposed. This is unfortunate, but, let's face it, it's going to happen."

Moseley said he had spoken with the employee over the weekend, and that teacher said it had nothing to do with the school, but instead believes the positive test was a result of another unfortunate incident of being exposed elsewhere.

"I could not be more proud of our employees and all they are doing so far," Moseley said. "We've got a lot going on and they have a lot of new stuff to learn too, but we've only been at school five days so far. Things are not going to be perfect in five days. I just want them to relax."

With high school football set to start Friday night, the superintendent also stressed the importance of the community doing its part there too.

"The community is going to have to help us out with following our attendance restrictions and guidelines," he said. "We don't want to have to cut attendance at our sporting events, and if we all do our part, hopefully that will not be an issue."

Anyone attending Friday night's football game at Tiger Stadium will be asked to wear a facial covering to enter the gates. No facial covering will result in being denied entry.

Moseley further said he knows the students and smaller children enjoy running around with and sitting with their friends;

however, that is going to be a 'no-no' this year. He said officials will be asking for children to sit with their families, and those who come alone are asked to find a seat and stay there unless going to the restroom or concession stand.

Moseley said there would be signs displayed at the venue noting certain guidelines to follow.

"I realize a lot of the good, fun stuff we love is not going to happen this year," he said. "But, we are trying to keep things as normal as we possibly can."

Gone will be pre-game activities on the football field, as well as, running on the field after the game. The band will play the national anthem from the stands this year, and the football teams will have to be completely off the field before a band can enter the field at half-time. The officials will control the clock to assist with the bands moving on and off the field at half-time.

Moseley did say the Alma Mater would still be played at the end of the game; however, the school staff is looking at ways to do this while maintaining social distancing the best it possibly can among the players and cheerleaders rather than them huddling up together.

"We just have to keep working together week to week and day to day," Moseley said. "But, I think we are doing good so far, considering all we are facing."
